

Exploring Inclusive Education: An EENET workshop

About EENET

EENET is a highly respected global inclusive education information-sharing network, open to everyone worldwide. Check out our website at: www.eenet.org.uk

In response to demand, we are now offering workshops for education practitioners, policy-makers and funders on the theme of inclusive education. The workshops will be run through EENET CIC (EENET's consultancy branch).

Workshop content

- Core modules for all participants – looking generally at the concept of inclusive education and how we can make it happen.
- Other modules to choose from, e.g.:
 - Using action research in the development of inclusive education
 - Using participatory photography in inclusive education research, implementation and evaluation
 - Disability and inclusive education
 - Gender and inclusive education
 - Developing/improving teacher training on inclusive education
 - Advocating for education policy change and development.
- Methodology for the workshop: participatory activities, group work, using images and photography, one-to-one advice, etc.
- Language: English.
