

Exploring Inclusive Education: An EENET workshop

About EENET

EENET is a highly respected global inclusive education information-sharing network, open to everyone worldwide. Check out our website at: www.eenet.org.uk

In response to demand, we offer workshops for education practitioners, policy-makers and funders on the theme of inclusive education. The workshops are run through EENET CIC (EENET's consultancy branch).

Workshop content

- An in-depth look at the concept of inclusive education and how we can make education more enabling and equitable for everyone.
- Identifying barriers to inclusion and exploring solutions, building on what already exists.
- Using action research as a tool for implementing more enabling and inclusive education.
- School visit and debrief sessions.
- Methodology for the workshop: participatory activities, group work, using images and photography, one-to-one advice, etc.
- Language: English.
